### From the SVDP Georgia Council CEO:

“The current needs of our neighbors became more real when I sat down to speak with Adam, Director of Hunger Initiatives. He shared how the Community Support Center Food Pantry is staying open until 7:00 pm one day a week to accommodate the stark rise in neighbors requesting food support. According to Adam, *“Everything is being done to adapt to the rise from 2023, when we were serving 100 households each month, to now serving about 82 households each day.”*

There is a reason why along with our peers around the state, we are seeing more neighbors at our doors - **13% of Georgia's population is food insecure**. This means that they are **unable to provide enough food for themselves and their families**. Thousands of children and families in our Georgia neighborhoods do not have enough to eat daily.

Nearly **1 in 8 Georgians live with food insecurity**, including 1 in 6 children.

Feeding America estimates **people facing hunger in Georgia need \$1 billion more per year**, to meet their food needs.

For Georgia's housing cost-burdened families, increased summer utility bills can mean less available funds to feed their children who accessed free or reduced-priced meals at school. Since the pandemic, thousands of low-income families in Georgia have received \$40 per child in monthly food assistance during the summer months. Georgia and 14 other states chose to end that federal benefit this year. Supporters like you are standing in the breach for our neighbors in need with the gifts of your time, talent, and treasure.”
